

ListenTALK

COMMUNICATE CLEARLY
IN ANY ENVIRONMENT

THE LISTENTALK SOLUTION

SIMPLE. PORTABLE. GROUP COMMUNICATION.

ListenTALK, a simple, yet powerful group communication tool ideal for personal and assistive listening, language interpretation, guided tours, group training, and more. No wires, no complicated setup, and no worries.

Easy Push-to-Talk

Long Battery Life

Easy to Sanitize

BYO Earbuds

Zero Installation

APPLICATIONS

Tours • Group Training • Interpretation • Courtrooms • Education • Corporate

HOW LISTENTALK WORKS

ListenTALK makes group communication simple and cost-effective. Group leaders or presenters can set the system up in one or two-way mode based on the needs of the group.

ONE-WAY COMMUNICATION

ListenTALK delivers clear audio directly to the listener, making the optional one-way mode ideal for Assistive Listening.

TWO-WAY COMMUNICATION

Leaders enjoy the flexibility to easily configure their groups on-the-go with one of two communication modes. Participant responses can be directed to the leader alone or to the entire group.

INTERPRETATION MODE

Interpreters can hear the source language and simultaneously deliver interpretation to an unlimited number of participants from one ListenTALK unit and headset with no additional equipment needed. Groups can be configured for a relay interpretation scenario as well.

SUPPORTING ALL TYPES OF INTERPRETATION

Consecutive • Simultaneous • Relay • Liaison • Whispered

LISTENTALK TRANSCIVER & RECEIVERS

COMMUNICATE CLEARLY AND EFFECTIVELY

ListenTALK is a complete communication solution for a variety of applications.

Headset Jack

Choose headset/earphone based on noise level or use any smartphone ear bud

Leader Clip

Easy designation for leaders

Internal Mic

Active when no microphone detected

Soft Keys

Quickly program participant mode and pair units

LK-1 Transceiver

Talk Button

Use to facilitate communication

Charge and program units individually, or in bulk via docking station

LKR-11 Receiver PRO

- One-Way Communication
- NFC Pairing
- Volume Control
- OLED Display

LKR-12 Receiver BASIC

- One-Way Communication
- Volume Control
- LED Battery Status Indicator

LISTENTALK ACCESSORIES

LISTENTALK WAS DESIGNED WITH FLEXIBILITY IN MIND. ONE SYSTEM, MANY POSSIBILITIES.

Accessories and configuration options compliment every application by adding functionality and features to suit the needs of the environment.

Headsets for Every Environment

Quiet

LA-451

Moderate Noise

LA-452 / LA-453

Noisy

LA-454 / LA-455 / LA-456 *NRR rated

Available Accessories

LA-435 AAA Battery Compartment

Perfect for on-the-go systems or as a backup—quickly and easily convert transceivers/receivers for use with AAA alkaline batteries when needed.

LA-444 Protective Case

Provides added protection and easier handling of the ListenTALK transceiver (LK-1), it also includes an alternate leader clip and durable belt clip.

LA-436 Microphone Input/ Headphone Output Cable

Splits the ListenTALK Headset jack allowing an external microphone input and headphone output (TS to TRRS Mic Adapter). Perfect for connecting to an external audio source such as a recording device or a sound system in a conference room, classroom, or lecture hall.

LA-445 Breakaway Lanyard

Seven different colors are available as an easy way to organize groups for multilingual applications and/or group designation (default color is black).

LA-437 Line/Headset Mix Cable

Allows the ListenTALK (LK-1) with a leader clip installed to connect a line level input and headset to enable the leader the ability to add communication and playback music or pre-recorded audio to enhance the experience.

LA-449 Smartphone Cable

Add a caller to your tour group from a smartphone. Allows plug and play connection to smartphones for audio in and out. Connect to a smartphone to call an "expert" or a guest presenter.

LISTENTALK SYSTEM SETUP

When combined with the right accessories, ListenTALK suits the needs of every environment. Systems can be configured for one-way or two-way communication in small or large spaces, allowing the venue the flexibility to customize based on their needs.

1 Do You Need One-Way or Two-Way Communication, or Are You Using ListenTALK for Interpretation?

The LK-1 Transceiver is the foundation of a ListenTALK system. Start with one LK-1 and add additional LK-1 transceivers to enable multiple leaders and two-way participant functionality, or additional receivers for one-way participation.

LK-1	ListenTALK Transceiver, single unit can transmit and receive audio, configured for 3 participant modes (listen-only, two-way, language interpretation), includes software suite
LKR-11	ListenTALK Receiver PRO, receive only with similar functionality as the LK-1 including soft buttons for menu control, NFC pairing, and custom group naming via the software suite
LKR-12	ListenTALK Receiver BASIC, receive only with basic functionality only including audio control and LED light for battery status

All units come standard with a rechargeable Li-ion battery, breakaway lanyard, and LA-401 Ear Speaker.

2 Choose Optional Headsets

Quiet	LA-451 Ear Speaker with Boom Mic
Moderate	LA-452 Over the Head, Single Ear with Noise Cancelling Boom Mic
	LA-453 Over the Head, Dual Ear with Noise Cancelling Boom Mic
Noisy*	LA-454 Over the Head, Dual Ear with Noise Cancelling Boom Mic, Production Intercom Style
	LA-455 Over the Head, Dual Ear with Noise Cancelling Boom Mic, Hardhat Style
	LA-456 Protective Ear Buds w/Mic

3 Choose your charging option and other accessories

LA-480	Docking station 16 for pairing, programming, charging, and storing
LA-481	Docking Station Case 16 Portable case that includes a built-in Docking Station 16
LA-482	Docking Station 4 for pairing, programming, charging, and storing
LA-423	4-port USB charger
LA-435	AAA battery compartment
LA-436	Microphone input/headphone output cable
LA-437	Line/Headset Mix Cable. Allows a ListenTALK leader unit to connect and mix a line level input to add music or prerecorded content to enhance the experience.
LA-444	Protective case (note, does not cover the screen)
LA-446	Cable management sleeve (for use with lanyard)
LA-448	Metal D-rings (ring only) (50 CT) works with a custom lanyard
LA-449	Smartphone cable
